MACE HELD ON CRIME CHARGE IN JAIL HERE

Ukiah Physician Arrested Following Meeting of Creditors Monday

$5000 BAIL NOT FORTHCOMING

Following a meeting of his creditors held in the office of Lilburn Gibson, referee in bankruptcy for this district, last Monday evening, Dr. R. D. Mace was arrested on a warrant sworn to by Under Sheriff Wm. Gibson. The warrant was served by Deputy Sheriff Dreyer as Mace stepped from Gibson's office to the sidewalk, and came as a surprise to Mace and his wife as well as to the crowd. It charges Mace with obtaining money under false pretenses and was sworn to on information furnished by Judge H. L. Preston. Gibson alleges that Mace borrowed $200 from Preston and represented that he needed more. Thereupon Preston gave him a Liberty bond for $1000, having no cash available at the moment, and in consideration of the loan Mace promised to execute a chattel mortgage to Preston covering an electrical therapeutic outfit, but did not do so, subsequently filing the petition in bankruptcy.

Mace was lodged in the county jail until his hearing before Judge Busch Wednesday, when he was held to answer before the superior court and his bail placed at $5000, which he was unable to raise.

A number of rumors have been flying around town since Mace's arrest. One is to the effect that he had removed a large quantity of effects from his house to that of his brother-in-law, F. L. Patterson, following the filing of his application for insolvency, working under cover of darkness on several evenings with a wheelbarrow. It is also stated that he had arranged with Paterson for the latter to help him make a getaway Monday evening and that had he not been arrested, this would have been accomplished. The story is to the effect that an automobile had been placed at Healdsburg under a fictitious name ready for his orders, and that Paterson was to take him to that city, after which he would disappear.

These and several other reports

CITY ELECTIONS SLOW; NO CONTEST INDICATED

The time for filing petitions for election as city trustees expired last Tuesday at noon. Only one new petition was filed, that of Percy Handy, so the other two incumbents, Anderson and Foster, allowed their friends to file petitions for them in order to encure a full membership on the board.

F. E. Anker, who is also city electrician, filed for city clerk, no one else wanting the job. He waited until the last minute like Foster and Anderson. There is a big advantage in having him fill the position, as the system of bookkeeping necessitated by the city's multifarious business makes it imperative for the clerk to be in close touch with the public service department.

Henry Pierson, incumbent, was also the only one to file for city treasurer.

Unless something unforeseen happens, causing a writein campaign for somebody, the offices will be filled without opposition and the election will therefore be unexciting, probably bringing out a very light vote.

PLEADS NOT GUILTY

Herman Mattern, who was arrested two weeks ago by the sheriff's office and charged with possession of intoxicating liquor, will enter a plea of not guilty and stand trial.

YOUNG BURGLARS HELD FOR JUVENILE COURT

Two boys were brought to the county jail the latter part of last week and have been held to answer before the juvenile court on a charge of burglary. Both are Mexicans and neither is over the age of 14 years. They were arrested at Garberville by Humboldt county authorities and are charged with breaking into the home of N. C. Terwilliger, above Laytonville, and stealing a miscellaneous assortment of merchandise. They had their plunder in a suitcase, and besides the various articles identified by Terwilliger, had a large assortment of small articles, among them being two silk scarfs, two revolvers, two flashlights, some cartridges, some colored chromos, combs, shotgun shells, a watch and chain and many other things. They said they escaped from a Catholic institution near the bay and evidently, to judge from their plunder, had entered a number of houses on their way to this county.

They gave the names of Jose Forjas and Juan Nava.

One, although not over 14, stated that he had been a soldier under General Obregon in Mexico.

HORNBROOK'S SHOE SALE AROUSING MUCH INTEREST

The shoe sale put on at the Brownbilt store the past week by N. A. Hornbrook is meeting with the liberal patronage of the public. The line of shoes carried by this firm is one of the best on the market and many are taking advantage of the sale prices to fill their wants for fine footwear.

DELIVERS NEW NASH

M. O. Bent, local salesman for the Nash car, was in Willits the first of the week to make delivery of a Nash four sport touring to A. LaPeltrie of that city.

JUDGE REFUSES DIVORCE IN DEEMS CASE YESTERDAY

The case of Deems vs. Deems, a divorce proceeding from Fort Bragg, was heard before Judge Preston yesterday. Mrs. Deems sued her husband for divorce, alleging incompatibility. The husband was not desirous of a separation.

Judge Preston heard the evidence, in the forenoon and then adjourned court until four o'clock, advising the two to arrange a reconciliation in in the meantime. Mrs. Deems would not consent to go back to her husband, however, and the judge refused to grant the divorce.

Attorney C. M. Mannon asked that the custody of the two younger boys be given the father. No disposition was made on this point yesterday, but the judge stated that he would postpone the case until this morning, but thought that he would then grant Mannon's request.

MORRIS BUYS FIXTURES FOR NEW DRUG STORE

Follett Morris, of the Morris Drug Co., went to San Francisco the first of the week and spent several days buying stock and fixtures for his new drug store.

He hopes soon to begin remodeling the former W. D. White building he recently purchased opposite the courthouse.

When completed and the new equipment installed the store will be one of the handsomest and best appointed in the state.

OVER HALF INCH RAIN REPORTED FOR WEEK

Dr. McCowen reports a total precipitation of .57 of an inch of rain the past week, making a seasonal fall to date of 16.01. The rainfall to date last year was 24.34 and there was 6.01 after this date, so prospects are good for a continuance of wet weather for several weeks to come.

The hard frosts, especially that of Wednesday night which came after a shower, are believed to have badly injured the fruit crop, as many of the orchards are in bud or full bloom.

INDIAN KILLS WIFE; FLEES AND SUICIDES

Rollie Ward, of Covelo, Sends Bullet Into Heart as Pursuing Posse Breaks Down Door of Cabin Where He Hid

Rollie Ward, a Covelo Indian, wanted for the murder of his wife, sent a bullet through his heart last Tuesday afternoon in a cabin in Round valley where he had vainly sought to hide from the sheriff's posse. Ward shot himself just as Sheriff Byrnes, gun in hand, burst into the cabin after he and deputies accompanying him had broken down the door. Ward may have crawled down the chimney of the cabin, as the door was padlocked on the outside and the window had been nailed shut, also from the outside, but the theory of the officers is that friends had fastened him in to mislead the officers, as there was no soot on his clothes or body.

Ward was lying on a bed in a corner of the room when the posse broke in, and, owing to the darkness of the interior, the men were not sure he was there until the shot crashed out which ended his life.

The trouble which culminated in Ward's murder of his wife and his subsequent suicide after eluding the posse for over three days and nights of search, began several days previously to the murder of Mrs. Ward and is said to have been due to Ward's jealousy on account of the attentions being paid Mrs. Ward by an Indian doctor. Ward began drinking, and on Saturday became dangerous to his family. The Indian doctor brought him to Covelo and turned him over to the constable. Before he could be incarcerated he made his escape and went back to his home by a roundabout way while the officers were looking for him. His family saw him coming and barred the door. Ward on reaching the house broke down the door and, having forced an entrance, shot his wife through the temple as she sat holding their six-weeks'-old baby in her arms. The shooting was done in the presence of Mrs. Ward's mother and an Indian girl.

The dead woman was about 17 years of age.

HOPLAND MAN SUICIDES IN FIT OF DESPONDENCY

ERNEST B. WHITE, NEWCOMER TO THIS COUNTY, ENDS LIFE WITH SHOTGUN

Discouraged and despondent with the struggle to support his family, Ernest B. White, a newcomer to this county from Modesto, shot himself through the heart with a shotgun at his home near Hopland Thursday afternoon of last week. White had been chopping wood in the woodshed, when Mrs. White heard a dull thud. She thought that her husband had made the noise and went out to caution him not to awaken their baby, which was asleep. She entered the woodshed and found White on the ground, with blood streaming from the wound in his breast. The shotgun lay near him. He groaned a few times and passed away almost immediately.

White was about 33 years of age and leaves several small children. The family is in very straitened circumstances, but Mrs. White refused offers of aid and stated she could manage to get back to Modesto, and then would be able to make her living.

It is stated that the couple recently traded property in Modesto for the Hopland ranch.

Big Load of Crabs Captured on Highway

Game Warden J. H. Hellard and Deputy Sheriff Oscar Weger yesterday arrested Tom Sagio, of San Francisco, at the Pitner hill, about three miles north of this city. The officers were acting on advices from Humboldt county to the effect that Sagio was transporting a load of crabs out of that county, contrary to the county ordinance.

Sagio had the crabs—1700 of them in sacks, a big truck load. He was en route to the San Francisco markets with them and expected to realize about $800 from the load.

Between the officers and Judge Busch, who fined him $50, his game was badly crabbed and his disposition also was crabbed.

Nearly all of Ukiah, including the orphanage and county farm and friends of the officers, had crabs for supper last night, crabs for breakfast this morning and will have crabs for dinner today and supper again tonight. The town smells like a fish market.

Mr. and Mrs. Sam Speer, former residents of this city, came up from Santa Rosa the latter part of last week for a few days' visit with Mrs. Fannie White and family.

ARCHBISHOP DEDICATES NEW CATHOLIC CHURCH

EDWARD J. HANNA, EMINENT PRELATE, HERE FOR CERMONIES TUESDAY

Last Tuesday was a very important date in the history of the Ukiah Catholic community, being the day of the dedication and blessing of the new church. The dedicatory ceremonies were carried out by Archbishop Hanna of San Francisco, one of the country's most eminent divines, and prominent, not only in the United States, but also in Europe.

Following the ceremonies in the morning, which also included the administering of first communion to about 250 children, a banquet was held at the Palace hotel at 2 o'clock in the afternoon, attended by about a hundred. In the assemblage were most of the parishoners whose liberal donations made possible this, one of the most beautiful pieces of architecture in the state, and several guests, among them being Mayor George Anderson and Judge H. L. Preston.

P. Connolly acted as toastmaster in his own inimitable manner. Mayor Anderson expressed the appreciation of the town at large for the

Chrysler Six to Be Shown Tomorrow

Guy Redwine, proprietor of the Ukiah garage, is making preparations to give a special one-day showing and demonstration of the Chrysler Six, at the garage show rooms tomorrow. The showing will last all day and interested motor car fans are cordially invited to attend.

The Chrysler announcements have aroused widespread interest among motorists, as the car is the big sensation of the year in its class.

HAGEMAN PAYS FINE

Chas. Hageman, who was arrested by Sheriff Byrnes and Deputy Weger several weeks ago and charged with possession of intoxicating liquors, came before Judge Busch yesterday and entered a plea of guilty. He was fined $350.

Hageman runs an amusement park near Philo.

HOUSE IS SOLD

L. L. Hopkins reports the sale this week of the house at 813 West Perkins street to Mrs. Samsoe by the former owner, Mrs. Jennie Edwards. The property consists of a six-room house and a lot 100x200 feet. The price is said to have been $3000.

W. H. WHISLER DIES AFTER LONG ILLNESS

W. H. Whisler, one of the best known and best liked citizens of this section, died at his home near Largo on March 20. The funeral was conducted at the Baptist church last Saturday by Rev. Beecher B. Conner, pastor of St. John's M. E. church, and was attended by a host of friends and neighbors.

William Henry Whisler was born in Hagertown, Indiana, July 29, 1848. His parents moved to Iowa when he was a small lad and he grew to manhood in the latter state. In 1872 he came to California, finally locating on the ranch near Largo where he remained until his death.

He was united in marriage Feb. 14, 1867, to Leoma Guilliams in Iowa. Four children were born from this union, of whom three survive as follows: Mrs. W. B. Noethlick, of Chicago; Carlos E., of San Pablo, Calif.; and Mrs. Harry Dunn, of Oakland.

He was married again, in Ukiah, Aug. 18, 1890, to Mrs. Rosetta Walling, with whom he lived happily until his death.

In the death of Mr. Whisler, Ukiah has lost one of her sterling men, and the sincere sympathy of many friends is extended the widow and children.

FOURTEEN JUVENILES AT COUNTY FARM

There were fourteen juveniles at the county farm this week, some awaiting hearing on charges of delinquency and others in charge of Steward Zimmerman pending the finding of homes for them.

The number of juveniles in charge of the court seems to be increasing for various causes, partly because more attention is paid to those who before were allowed to run around as they pleased, their parents having died or abandoned them, and partly because there is more juvenile crime than formerly.

NEW CASES FILED IN COUNTY CLERK'S OFFICE

Through Chas. Kasch, H. H. Van Nader has filed a petition for letters in the estate of I. H. Van Nader, deceased. The estate consists of personal property valued at about $1,110.50.

Through Chas. Kasch, Louisa Dickinson has filed a complaint for annulment of marriage against Arthur F. Dickinson.

Through M. H. Iversen, Gladys Marie Kaufman has filed a complaint in divorce against Emil Kaufman, alleging extreme cruelty.

Through Mannon & Mannon, W. F. Ornbaun has filed a petition for letters on the estate of John Briant, deceased. The estate is valued at about $4000 and consists of a gasoline launch. Briant was recently drowned at Noyo.

Through Mannon & Mannon, W. F. Ornbaun has applied for letters on the estate of Olin M. Boyle, deceased, consisting of real property valued at about $1050.

INSTALLS CHANGE MACHINE

The Savings Bank of Mendocino County has just installed a mechanical marvel, an automatic machine, for making change. The operator is able to make change exactly and in a jiffy, including any asortment of small change desired, by simply pressing a few keys. It eliminates time consumed by counting small change.

The machinne works in a wonderful manner and has aroused considerable comment and interest.

Mr. and Mrs. Al Ganter and Mr. and Mrs. Bert Rains returned last Sunday evening from a motor trip to Oakland and Napa.

Mrs. R. Carmack and Miss Gussie Lobe, of San Francisco, motored to this city the early part of the week for a visit with Mrs. Louis Hofman. They returned to thier home Tuesday, accompanied by Mrs. Hofman, who is spending a few days visiting them.

PATTON'S FATE WILL HINGE ON TODAY'S FIGHT

School Election Warms Up With Threat to Oust Local Principal

EVERSOLE NEUTRAL CANDIDATE

A rather warm fight for grammar school trustee is on in Ukiah today over the one place to be filled on the board. J. C. Hurley has refused to run again. Two names have been filed for the office, those of Atty. Keith Eversole and C. A. Bernhard. The two men are good friends personally but the issue arising is said to be the retaining of Fred Patton as principal of the grammar school.

Bernhard defines his position to quote him, as "not exactly in favor of discharging Patton, but to see that he is on the job more of the time." As for his position, Patton is said to have intimated that if Bernhard is elected he will resign.

Eversole is neutral on the Patton question so the Patton adherents are throwing their support to him.

Bernhard recently voiced his discontent with the manner in which affairs were conducted at the school by Patton, in a public speech at a meeting of the Wednesday luncheon club, charging Patton, who works a small ranch near town, with working on the ranch at times when he is supposed to be teaching school. Patton denies the charge.

The other two members of the board are Dr. Van Allen and Mrs. Orval Tadlock, and their respective attitudes are said to be such that the election today will determine the policy of the board.

While, under the law, it is impossible for the board to discharge Patton without preferring and proving charges, there is nothing to prevent the board from reducing his salary to a point where he will be forced to resign.

The voters are lining up pro and con, and a big vote will probably be pulled out.

There is no contest in the high school board, no one filing but Irving Brazier and J. G. Newman for the two places to be filled.

The polls will be open from one o'clock until five this afternoon at the grammar school building.

TRUSTEES ADOPT PLANS FOR CITY LIGHT SYSTEM

The board of city trustees met last Monday night and adopted plans for the proposed new city electrolier lighting system. The resolution of intention was passed preliminary to the work, and April 28, at 7:30, at the city hall, were set as the time and place for the hearing of objections to the plan. Objections must be in writing.

The plan proposes the erection of electroliers for six blocks on State street from Henry to Clay, and three blocks on School, from Smith to Church, and on the following cross streets between State and School: Smith, Standley, Perkins, Church.

The estimated cost runs about $3 per front foot for the property abutting on the proposed route.

The city will remove all poles and wires from State street if the plan is adopted.

THREE LACK LICENSES

City Marshall Cleland this week arrested three local men who were driving trucks without licenses. A fine of $5 was imposed on one by Judge Peirson. The other two have not yet pleaded.

A. Perelli-Minetti was able to be out again the first of the week following a severe illness of several days' duration.

The NASH

Leads World in Motor Car Value

As you proceed to examine the group of Nash four and six models, you will find a wealth of proof that credit for the furthest advances in four and six engineering belongs indubitably to Nash. The results of the high standard of engineering embodied in Nash cars—in the way of smoothness, quietness, and flexibility can be termed extraordinary and revolutionary.

The following used cars have all been traded for new Nash cars. These cars have all been reconditioned

Your Question And Its Answer

QUESTION — "Will you please give us a simple explanation as to what Chiropractic is and does to get sick folks well?"

ANSWER—Most important things are simple when you thoroughly understand them, and the Science of Chiropractic is no exception. Your Brain generates Vital Energy which is conducted over the spinal cord and branch nerves to all parts of your body. Every tissue and organ must have its share of this Vital Nerve Energy in order to function properly. Health is the result. However, should there be pressure on nerve fibers as they leave the spine between the small movable bones, the organ supplied by that particular nerve fails to get its share of energy. Disease is the result. The Chiropractor removes nerve pressure by adjusting the bones of the spine responsible for the pressure. Health is again restored. Is this plain?

Health queries of general importance and practical value will be answered, in the order received, if addressed to

COAST NOTES

(Mendocino Beacon)

The southcoast seems to be the Mecca of late for auto speeders, another wreck having been reported from that section, when a Buick six driven by two Finnish women smashed through a bridge railing about 300 yards south of the Italian hotel on the hill. Reports say that the machine was being driven at a very rapid rate of speed going south when another machine approached bound north. They met on a small bridge. There not being room to pass without a collision the women took the rail which their machine crashed through and then turned over twice and landed bottom up in the gulch some fifteen feet below the roadbed. Strange to say, neither one of the women was hurt although both were badly shaken up. The women reside in Fort Bragg but their names were not learned. The machine was not badly damaged in its fall except for a break in the top covering.

R. H. Smith, W. S. Gilbert and John Burbeck have associated themselves together to establish a small box factory in Mendocino. Mr. Smith has purchased a tract of about fifty acres from Jens Hansen on a portion of what was once the Hills ranch from which the redwood timber was cut into ties by the Caspar Lumber Company, and on which there remains a considerable stand of red and white fir. The tract is just south of Jack Peter's gulch. We understand that a desirable location in Mendocino has been secured for the plant and that work on the same will be commenced in the near future. R. H. Smith, one of the leaders in the new enterprise, is the owner of a large Gravenstein apple orchard near Sebastopol. Many thousands of apple boxes are used in that locality each year and at present the greater portion of these are shipped in from distant pine mills and freight is quite an item. There is almost an unlimited demand for box and crate stuff these days and the new plant should have no trouble in selling its product. Pine apple boxes have not been obtainable on this coast, and the local demand will amount to something.

Within a few weeks some nine lambs were killed on the Clift Ridge ranch of the Goodyear Redwood Company east of Greenwood. The rest of the flock was brought in close to the ranch house and corralled at night and Dan Sutherland and his varmint dogs sent for. The latter spent several days on the ranch and succeeded in getting three wildcats. As the loss of lambs ceased, it is probable that one of these cats was doing the killing. Sutherland started for home Friday morning, and the same day his father called up here to learn his whereabouts as a bear had appeared on the Devilbiss range at Rockport and was causing trouble. The young hunter spent most of the winter in Humboldt county near Briceland where he got two bear and two good-sized panther besides a large number of wildcats. The panther had killed a deer just a short time before the dogs took their track. Both treed after a short run, but one jumped when the hunters approached, but was bayed by the dogs and shot on the ground.

Gilbert Henderson, who has been employed by the Goodyear Redwood Company for the past two years, was painfully injured in a fall from a building at Greenwood Monday morning. Although he fell but twelve feet, he was unfortunate in having his legs pass through the rungs of a ladder, so twisting his body as to cause serious injuries which he would not have sustained had the ladder not intercepted his fall. He was immediately removed to the hospital at Fort Bragg in order that X-ray photos could be made and the exact extent of his injuries ascertained. Reports from the Fort Bragg hospital are to the effect that the pelvic bone was fractured near the hip joint. The collar-bone was fractured and one kidney injured. However, as the bones fractured remain directly in place it is not thought that the unfortunate man will be confined to the hospital for any length of time or that the injuries will be of a lasting nature.

Why pay tribute to a Superstition?

The idea that "eastern" motor oils—merely because they cost more—are in some mysterious way "better" is just as baseless as the superstition about the black cat crossing the road, illustrated above.

Automotive engineers have long recognized that the most suitable crude petroleum so far discovered from which to manufacture a motor oil is produced on the Pacific Coast. It is Naphthenic Base Crude.

"Thinning Down" an Advantage

The motor oil (Zerolene) which is refined from this crude has characteristics somewhat different from those of eastern paraffine base oils. It "thins down" more rapidly for one thing, and this fact is often cited against it. But this is really an advantage instead of a defect. Because it thins down more rapidly, it reaches an effective lubricating body sooner, and follows more closely the changing bearing clearances of the engine as it warms up.

Highway Commission Finds the Facts

Some time ago the engineers of the California State Highway Commission decided to subject this anti-western bogie to the brutal test of actual comparison. Read the summary of these tests, printed in the 1921 Biennial Report of the California State Highway Commission:

"Although thinning out more rapidly, the (western) oil does not show any greater breaking down under high working temperatures than the (eastern) oil, nor was there any greater deposit of carbon. Neither did the viscosity after use increase or decrease any more in the case of one than in the other."

A Better Oil Even if It Does Cost Less

Zerolene, because we employ only selected crude and hold the patents on our high-vacuum refining process, is, we are convinced, one of the most carefully manufactured oils on the market, whether of eastern or western origin. Yet it costs about one-third less than eastern oil.

In seven years the sales of Zerolene have increased seven-fold. The more experienced the motorist, the less likely he is to pay tribute to a superstition. *He insists on Zerolene even if it does cost less.*

NEWS NOTES FROM COVELO

COVELO, March 25.—A brutal murder was committed at the Reservation Saturday evening when Rolly Ward, half-breed Indian, shot his young wife through the head while she was holding her infant son in her arms, killing her instantly. Sheriff Byrnes and Oscar Weger of Ukiah, and Ward Riese of Fort Bragg, Raymond Hill, Will Kelly and Hugh McCoombs of this place are out after the murderer. Ward was brought to town Monday evening by another Indian that had seen Ward near his own home. As night was approaching the search was abandoned until Tuesday morning. It is reported that he is well armed and as he is considered a dangerous character will no doubt put up a hard fight ere he is captured.

Clerck and Mrs. Hawley, Reservation Indian employes, have been called to Sacramento.

The new fence Clyde Riffe is erecting at his home adds much to its improvement.

Dan English and son, Preston, are home after a short visit at Sacramento with relatives.

Wm. Ornbaun came up from Ukiah Sunday to hold an inquest over the remains of Mrs. Ward.

George Osborn Jr. and wife, of Palo Alto, were Covelo visitors Sunday.

Mr. and Mrs. Geo. Ells are visiting at Ukiah.

Art Chester and wife returned here from Modesto Thursday, after an absence of several months.

Joe Bellatti returned home from Eureka Sunday.

Stuart, Ellis and Paul returned home recently from Gold Hill, Nevada, where they have been employed for the past year.

A play entitled "Putting It Up to Patty," will be given by the Literary Club some time in May. The cast has already been selected:

William Webster ..... Chas. Gray
Seth Gibson ..... Austin Gray
John Matthews ..... Harold Long
Dan Dixon ..... Florence Russell
Hiram Huckins .....
..... Murray McDonald
Patricia Webster ..... Eddith Gray
Miss Mary Webster .....
..... Christine Short
Mary Jane Stoke .... Adele Montague
Huldah Huckins .... Syetta Thompson

There was a good attendance at the meeting of the local farm center, held here March 20. Many things of interest to our community were discussed and planned for. Mr. McCombs gave a report on coyote poisoning. He believes it is proving effective. A picnic dinner was planned for the near future, when the chambers of commerce of Ukiah and Willits make their trip here as they have planned for. It is hoped that some members of the highway commission may be present at the time. Other invitations will be issued to towns interested in our road. It was decided that the bureau extend an invitation to have the annual picnic of the county organization held in Round valley. Refreshments will be served at the next meeting.

The grammar school boys, under the able leadership of Principal Frank Zeek, are making much progress with their band music. We will soon have a Covelo brass band again to entertain us occasionally. Good for our boys.

The search for Rolly Ward is over. He was tracked to a cabin near the edge of the valley. The cabin was locked and he had gone down the chimney. While the posse were breaking in the door he shot himself through the heart.

Guss Spottswood was down from Potter valley on business the latter part of last week. He is one of the prominent and successful ranchers of that community.

The Albion Lumber Company has a crew of men engaged in taking up the rails of their track extending from Clearbrook into the Comptche section as far as the tie landing known as 12-B, where several hundred thousand ties have been received during the past few years, both from their own timber holdings as well as from tracts privately owned. As the redwood is pretty well worked out in that section it was decided that there was not sufficient timber operation to justify the upkeep of this five miles of track.

Born in Santa Rosa March 9, to the wife of Roy Bunch of Greenwood, a baby boy. Mother and child are getting along nicely.

"Zaza" Star Role of Many Noted Actresses

Gloria Swanson in New Paramount Picture Said to Excel Them All

When "Zaza," the great French play was produced in Paris some twenty-five years ago, and which was the starring vehicle for Madame Rejane, it was believed by many critics that it would be impossible for any American actress to portray that arduous role as artistically as the actress named, but these critics were in error as the evidence showed. The play was for many years a reigning success on the American stage with many notable actresses in the title role.

The picturization of this charming play by Paramount with beautiful Gloria Swanson in the title role is said by many to be a far more powerful characterization than has ever been seen on the American stage or screen. In this splendid picturization, which will be shown at the State theatre next Thursday and Friday, Miss Swanson relies entirely upon the power of pantomimic art in which the French always have been adepts, but those who have seen the great screen artist in her wonderful emotional interpretations, in which she has appeared for several years, will be the first to declare that Miss Swanson is the only American screen star who vests the role of "Zaza" with a power never heretofore witnessed in silent drama productions.

The support provided for Miss Swanson in this play, headed by H. B. Warner, is exceptionally praiseworthy, each role being in the hands of an artist. The photoplay was splendidly produced by Allan Dwan and in point of direction and photography, as well as sterling portrayals, it ranks as a masterpiece of the screen.

OLD RESIDENT VISITS HIS NATIVE CITY

Rudy Bruner, an old-time resident and a native of Ukiah, made a flying visit to friends and relatives at this place last Sunday. Accompanied by his wife and son he motored up from his home in Oakland and returned the same day. Mr. Bruner, who is a nephew of Albert Bruner, a well-known Ukiah ex-resident, and a cousin of George and Hale McCowen, had not been in Ukiah for a number of years and was surprised and greatly pleased to note the changes and improvements in the town since the time of his last visit.

Mrs. F. E. Rea was confined to her home by illness for several days the first of the week, but is now much improved.

Frank McCracken, a son of J. L. McCracken of this city, came up from the San Joaquin valley section last week and spent a few days visiting his father here. He is engaged in the hardware business and is doing well.

INTERESTING LOCAL ITEMS

Born in this city, March 27, to Mr. and Mrs. Lonnie Lowe, a daughter.

Leonard Schnell and wife were in town the latter part of last week and the first of this. Schnell formerly ran a jewelry store here, selling out to J. H. Martensen and going into the ranching business near Modesto on account of his health. He is contemplating reentering business here, as he says he has never found a place to suit him as well as Ukiah.

A. Bom, of Redwood valley, was in town on business the latter part of last week.

Mrs. J. H. Martensen is able to be about once more, following a very severe illness, occasioned by an abscess in her throat, which necessitated lancing from the inside.

Mrs. Grover McGimsey and son came up from the city the latter part of last week, spending the week end as guests at the home of Mr. and Mrs. Chris Bruns.

Mr. and Mrs. George Jamison returned the first of the week from an extended tour of the state by motor. They took the trip in easy stages on account of Mrs. Jamison's health, which has not been of the best. She returned somewhat improved.

Mr. and Mrs. Greene Burke motored to San Francisco the latter part of last week for a few days' visit.

C. N. Mortenson motored to San Francisco Monday on business.

A son was born at the Langland hospital Sunday to Mr. and Mrs. J. L. Allenby. Dr. Van Allen was in attendance. The young man is the second son in the family and has been named for his mother, Robert McDonald Allenby.

Wet wash—6c per lb. Minimum of $1.00. Called for and delivered. Phone 79-W. Ukiah Steam Laundry. 45

Mr. Tweed, who is driving a tractor at the Frank Cunningham ranch, south of town, recently visited his family in Santa Rosa where his daughter, Miss Hilda, is making fine progress with her music. Many who have heard this gifted young girl sing, will remember her sweet voice and will be glad to hear of her success in her special line of work.

F. C. Albertson yesterday purchased a new Paige sedan.

Supervisor E. L. Williams came up from Hopland on a short business visit Wednesday.

Leslie Hoag was in from his ranch on the Orrs springs road the early part of the week.

Mrs. Chas. Limmer, recently of Schenectady, N. Y., has accepted a position at Morty's.

Atty. Lilburn Gibson was a visitor to San Francisco on business Tuesday and Wednesday.

Mrs. E. Badley, of this city, who left for Fort Bragg two weeks ago for a visit with her daughter, reports the birth on March 23 of a baby girl to Mr. and Mrs. Dan Pugh, Jr., who moved to Fort Bragg some time ago. Everbody concerned is doing fine, including Dan, who is in the employ of the Fort Bragg railroad.

Mr. and Mrs. Douglas Walker, Mrs. M. Canfield and Mrs. L. Silver, all of Healdsburg, motored up from that city the latter part of last week, and, after a visit here with Mr. and Mrs. Bunt Bucknell, departed Tuesday for the Sacramento valley. Mrs. Silver, who owns the Circle X ranch near Healdsburg, was looking for stock sheep.

SHORTT PRESENTS LOVING CUP

A. D. Shortt, one of Ukiah's new and progressive citizens, has presented to the Ukiah baseball club a beautiful baseball cup, on which each year, the players doing the best work for Ukiah will have their names engraved on same, thereby helping to create better sportsmanship and baseball in Ukiah. This cup is on display in the show windows of the Barker Hardware Co. and all fans are invited to come and see it.

FAKE STOCK CASES DISMISSED IN COURT

The indictments in the local court against Dickinson and Joyce, who sold a considerable amount of fake steam car stock to Mendocino county people several months ago, were dismissed at the instance of District Attorney Hurley last Friday.

Dickinson is already in San Quentin serving time on a conviction in Los Angeles, while Joyce established his innocence of wrong-doing to Hurley's satisfaction. Joyce, according to his story, was himself a victim of Dickinson's operations.

MENDOCINO ELOPER JAILED

Word was received by the sheriff's office here yesterday that a man named Joseph, who eloped from Mendocino City with a girl of that place, had been located and jailed at Antioch.

The girl in a telephone message stated that she wished to marry Joseph, but her father steadfastly objects.

Her brother and one of the local deputies will leave today for Antioch to bring back the couple.

Church Society Has Interesting Meeting

The regular monthly meeting of the Missionary Society of the M. E. Church South, held on Thursday of last week, was well attended and proved to be a most interesting occasion. Attractively arranged in low bowls, early spring blossoms decorated the church parlors where the meeting was held. After the business meeting at which the president, Mrs. Hale McCowen, presided a competent committee headed by Mrs. H. O. Cleland took charge of affairs. The topic for the afternoon was child welfare and a well prepared paper, covering every phase of the subject, was read by Mrs. T. M. Cleland who made some original and instructive comments on the subject. A touching little song, sung in a wonderfully clear, sweet child's voice by little Catherine Wilson, greatly appealed to those present. Following the program a delicious refreshment service, at tables decorated with Easter lilies and maidenhair ferns, added to the pleasure of the social hour. In addition to the regular business and social meeting of the society, held on the third Thursday of the month, a meeting for bible and mission study is held on the first Thursday and at any or all of these meeting everyone will be welcome.

JOHN DOE MAINTAINS POLICY OF SILENCE

John Doe, the Eureka burglar and car thief arrested the latter part of last week on a charge of having shot Deputy Constable Hy Wilkinson, of Willits, as the latter was attempting to place him under arrest, maintains the attitude of sullen defiance he adopted when first arrested here. The officers have been able to get no information from him as to his true name or his former haunts. He had removed all distinguishing marks on his clothing before being arrested.

He is the "hardest boiled" prisoner put into the county jail for a long time.

INDIAN SLIPS ONE OVER

Some months ago, Joe Bartlett, an Indian, was arraigned before Judge Preston on a charge of driving a car while intoxicated. Bartlett put in a plea for "one of them probations," alleging that he had a wife and several children to take care of, and that if he were incarcerated they would be in danger of starvation. His case was investigated by the probation officer and his statements found to be true, or, at least, appeared to be so, and the plea for probation was granted by Judge Preston.

Imagine Judge Preston's surprise, therefore, this week when he found that Bartlett was applying for a marriage license.

He had deserted his so-called former wife and their children, another dusky damsel having captured his wayward fancy.

It appears that he was not married before.

Naturally the judge is somewhat "peeved."

Thus the white man's laws and codes work out when applied to the Indian.

O. E. S. Celebrates Irish Anniversary

A most delightful affair given in honor of St. Patrick's day was that immediately following the last regular meeting of Kingsley Chapter, O. E. S., which happened to fall upon the 17th of March. By way of program Dr. Rob Thomas entertained with some of his inimitable songs and under the supervision of Mrs. Nellie Gibson, who also served as accompanist, four young ladies dressed as Irish lassies gave an attractive and appropriate dance number. Shamrocks and Irish top hats, each of which had been marked with a corresponding number in pairs and then cut in two, were distributed and by the aid of the dpulicate numbers partners were formed for the literary contest and for the supper following. Mrs. Martha Toles and William Bromley were the winners of the first prize and to Frank Wilson fell the coveted booby prize. At small tables where the dominant note was green and every detail was suggestive of the day, delectable cakes and green and white ices were served by little maids in green and white caps and aprons, and with much merriment and laughter came a fitting close to a most enjoyable evening.

MISS BELLAMY HOSTESS AT ENJOYABLE PARTY

A very enjoyable evening at bridge was spent by guests of Miss Darline Bellamy last evening at the Bellamy home on North State street.

The rooms in which the party was held were decorated with yellow daffodils and cala lilies, and dainty favors were provided.

Refreshments were served at a late hour.

The guest list included Misses Bowman, Ruddick, Smith, Reynolds, Mason, and Messrs. Beaufort, Chessall, Boring, McClintock, LaPorte and Moffitt.

MRS. HOLLINGSWORTH HAS TONSILLAR OPERATION

Word was received this week from Mrs. Oscar Hollingsworth, of Redwood valley, that her daughter, Alma, who recently underwent an operation for mastoids in San Francisco, is getting along nicely. She has left the hospital and is at the home of Miss Wilson, a graduate nurse and a sister of Mrs. Hollingsworth.

Mrs. Hollingsworth herself was attacked by tonsilitis and had her tonsils removed at St. Luke's hospital, where her daughter was operated on.

On the 16th inst. Mr. and Mrs. George Ryan, nee Chlorene Copsey, of Sebastopol, were made happy by the arrival of a twelve and a half pound daughter, and Grandpa Charles is stepping high and seems to have added several inches to his six feet four in height.

Esther Latvanen, daughter of Mr. and Mrs. Victor Latvanen of Noyo, passed away in San Francisco Wednesday, March 19, after an illness of several months. Miss Latvanen leaves to mourn her untimely death, her parents and two sisters, Elmyra of Noyo and Suoma, of San Francisco.—Ft. Bragg Advocate.

ARCHBISHOP DEDICATES NEW CATHOLIC CHURCH

(Continued from page 1)

beautiful addition to its houses of worship and also extended greetings to Archbishop Hanna. Father Quinn, of the local parish, replied to the mayor and was followed by Judge Preston, who spoke of the great importance of saving the youth of the land and bringing them up in fear of God and respect for the laws of our country. He said in part:

"I want to leave one serious thought with you: Of 2833 prisoners in San Quentin, eighty percent are under the age of thirty years and over four hundred of the age of twenty years and under. In the Preston State School of Industry at Ione, there are 505 boys between the ages of fifteen and twenty-one. At the Whittier school, there are 306 boys under fifteen years of age. In the Los Angeles county jail during February of 1924 there were confined therein 834 prisoners awaiting trial in the superior court. Of this number 500 were under twenty-five years of age, ranging all the way from twenty-five years down to seventeen or eighteen years of age. That is not taking into account those in the detention homes and in the city prisons.

"I presided in one of the criminal departments of the superior court of Los Angeles county for nearly three weeks. During that time we handled over a hundred cases. The first morning I presided, there were thirty-six in the court room for arraignment, sentence, etc., and I think that at least thirty of these were under twenty-five years of age, and most of them between eighteen and twenty-five years of age, and nearly every morning there were from fifteen to thirty boys awaiting trial for all kinds of crimes, principally burglary, robbery, etc. You must remember this was only one department of eight criminal departments running all of the time in Los Angeles county. Here in our own beloved county of Mendocino there are at this very moment in the county hospital here, fourteen juvenile offenders and homeless boys and girls.

"This brief statement will give you some little idea of the condition of affairs in California, and I am told it is the same all over the United States. So it is high time that something be done to try to re-claim some of the boys, if the future generation is to survive. In many cases, when they reach the superior courts on charges of robbery, murder, burglary, and the like, they have gone too far to be released upon society and redeemed. In my opinion, we have got to get back to better home training and better influences. We need co-operation of the people and stricter supervision by the mothers and fathers over their children. Nearly every wayward boy who comes into the juvenile court is motherless or fatherless, or both, or has broken away from parental influence and has quit school about the time he gets half way through grammar school and has never been to church or had the moral influence thrown about him that he should have during his younger days.

"So therefore, it seems to me that upon this happy occasion when we are here to celebrate the completion of this magnificent church, it would be fitting that we rededicate and reconsecrate ourselves to the rebuilding and rehabilitation of the youth of the land, and, in my opinion, we can do nothing better than to give more attention and more assistance to the orphanage here in Ukiah and more help and assistance to the parties who are trying to look after, care for and rehabilitate the wayward boys and girls of this country."

Judge Preston was followed by Archbishop Hanna, who laid great stress on the need for fearless, honest men at the head of affairs, and expressing his deep appreciation of the courtesy and hospitality of the people of the community, after which the assemblage dispersed.

Archbishop Hanna was greeted during his stay here by a number of the leading citizens of the town, who took advantage of the opportunity to meet so distinguished a man.

COX PUTTING ON SALE BEGINNING TOMORROW

The Cox Hardware Co. is putting on something unusual in the way of sales, called a 19c sale.

A large quantity of useful merchandise will be put on at 19c per article and a great deal of interest is being taken by the public since the preliminary announcements went into the mail the first of the week.

The sale is scheduled to start tomorrow.

MACE HELD ON CRIME CHARGE IN JAIL HERE

(Continued from page 1)

are being investigated by the officials.

Another rumor is to the effect that Abe Ruef will defend Mace. Ruef was the party who built the house Mace is living in and was selling it to him on contract.

The hearing before Gibson on the bankruptcy petition Monday was a stormy session. The office was crowded by Mace's creditors, and their attitude was distinctly hostile. Under the testimony brought out, it is a question whether the petition can be allowed, and instead, Mace may find himself in the toils of the federal courts on a charge of fraud.

It appears that Mace managed to get $700 about three days previous to his filing his petition. He stated he gave this money to his wife. She testified that she had but $3.00 left out of the amount, having spent the remainder in making purchases in various San Francisco stores during a trip to San Francisco made with her husband when he went down to file his petition.

Bunt Bucknell loaned Mace and his wife $2500 on notes. In addition Bucknell took therapeutic treatments, and states he paid for them from time to time, instead of giving Mace credit on the notes. At length he completed the treatments, paid for the last one and was told by Mace that they were square except for the money Mace owed him on the notes. Bucknell did not insist on a written receipt in full, and now among Mace's resources appears a bill against Bucknell for the treatments. When confronted by Bucknell with his previous statement, Mace denied ever having received any pay for the treatments, except, possibly, $40.

Numerous other stories of similar nature, all tending to show Mace in a very unfavorable light, are coming out as the case develops, and it is stated that other criminal charges besides that filed at the instance of Preston are in course of preparation.

Bert Thornton was selected as trustee by Mace's creditors at the bankruptcy meeting.

LIVESTOCK NEWS MARKET REPORT

The market report issued by the state and federal livestock bureau last Tuesday, is as follows:

FOOT-AND-MOUTH DISEASE:—An outbreak of foot-and-mouth disease has been found in the Butchertown corrals and federal veterinarians today ordered the slaughter of all cattle, calves, hogs, and sheep which were on hands. This supply is expected to last local killers three or four days or possibly a week. In addition no livestock can be unloaded until further orders at the Butchertown corrals. After all corrals, sheds, unloading docks are emptied of livestock a thorough disinfection of the premises will be made. This will curtail buying in the county for the time being while if operations are resumed an unexpected demand may develop. At this writing both federal plants at South San Francisco remain in the free area and normal operations are being carried on.

CATTLE:—Outside of a three car string of good dehorned Nevada steers at $9.50 practically all the week's marketable stuff showed costs under $9.25 which included fairly well covered steers from California, Utah and Nevada. Trading at this writing is at a standstill, killers not knowing the trend of meat products demand. Several shipments of medium Oregon and California steers which were half fat brought $8.75-$8.90. A few odd head of common steers averaging 700 lbs. brought $7.50. Receipts of she stuff have been light with the market on good fat cows and heifers firm to 25c higher. Several cars of good dehorned Utah heifers averaging 1000 lbs. brought $6.85 and a two car string of good quality dehorned Californias scored $7.00. Other shipments of good Nevada cows went mostly $6.35-$6.50 while off grades wer steady. Bulls are in demand and one carload of good 1,200 lb. butchers brought $4.50.

CALVES:—Compared to a week ago the calf market is about steady with six to eight loads on commission, the bulk of which were rather heavy in weight. A part load of good light kinds made $9.00-$9.50 and good to choice light weight milk veals are quotable higher. Express shipments increased somewhat during the week but on account of recent flare-up of disease shipments were curtailed again. Prospects point to an erratic market during the next few days.

HOGS:—When compared to a week ago the hog market is steady with the bulk of Californias costing around $8.50, however, at the close some counties in which the normal supply is bought were unable to ship and local killers in part of the market had to clean up their holdings. Medium weight hogs were scarce from California but eastern butchers carried rather liberalp ortions of fat. A few loads of Idahos cost $8.50.

SHEEP:—At this writing local killers are ridding their feed lots of fed lambs under federal order prior to a thorough disinfection of feed lots. A sizeable shipment of California spring lambs averaging 48 lbs. which were not fat cost $14.25 and killers generally figure $13.50-$14.00 at present on this class of material. On account of quarantine regulations in Nevada, Utah, Wyoming, Colorado and Kansas prohibit the unloading for feed, water, and rest of any livestock originating in California. This prevents the shipment of lambs to eastern markets this year.

The Colorado Lamb Situation

The movement of fed lambs and sheep from Colorado from January 1 to the middle of March has been considerably smaller this year than it was during the same period last year, according to statement of the U. S. Department of Agriculture. As a result while the estimated number on feed Januarf 1 at 1,400,000 was 100,000 smaller than on January 1, 1923 the number on feed the middle of March was around 50,000 more than on that date last year.

From January 1 to March 15 this year only 2,450 cars had been loaded in the state while from January 1 to March 17 last year 3,200 cars were loaded. During January and February this year some 25,000 head were put on feed compared to 35,000 head during the same months last year. The reported receipts of Colorado sheep including forwardings from Denver at stockyard markets during January and February this year were only around 410,000 head against 645,000 head last year to the middle of March. Only 42 per cent of the number on feed January 1 had been shipped this year compared to 50 per cent loaded to March 17 last year. Mortality this year has been somewhat larger than last year although the big increase in death losses this year took place before January 1. The delayed movement appears to be due to several causes. The poor quality and high moisture content of the corn this year does not permit as heavy feeding as usual and lambs get off feed more frequently as also the quality of the alfalfa hay this year is not good. The advancing prices of lambs since January 1 and the apparently strong position of lamb feeders is tending to hold back the movement; also the much smaller penalty on heavy lambs than last year and the proportionately higher prices for shorn stock are encouraging feeders to give their lambs a longer finish and to shear them before marketing.

Howard Creek Mill Destroyed by Fire

(Mendocino Beacon)

Wednesday morning about 9:00 o'clock the mill at Howard Creek with two carloads of lumber was destroyed by fire which evidently started from friction and a resultant hotbox. The fire had gained such headway when discovered it could not be checked with the inadequate fire-fighting apparatus at hand, and the mill was burned to the ground.

The mill was owned by the Hotchkiss Lumber Co. and had been successfully operated and managed by Ira Thompson, who assumed charge of the plant after its former owners got involved financially and had to give it up.

The destroyed plant probably means a loss of $50,000 and it is not known whether there was any insurance. It is understood that the company had timber enough to keep the plant in operation for about 18 months, but there was other timber in the neighborhood that likely could have been secured. It is hardly likely under the circumstances that the plant will be rebuilt.

The mill had a capacity of about a million feet a month and from fifty to seventy-five men were employed, and the lumber was hauled to Union Landing and shipped from there. It was the only mill of any size operating on the north coast and its destruction will be a decided loss to Westport and the adjoining section.

REDWOOD VALLEY NEWS NOTES

REDWOOD VALLEY, March 26.—Ed Austin is very seriously ill at his home in Oakland. Mrs. A. C. Richards was summoned to his bedside last Wednesday, and Mr. Richards the following day. Cyril Goudge took Mr. Richards down in his car and remained until Sunday. The last news we heard Mr. Austin was very weak but was holding his own.

A. R. Sprague has a shining new Ford roadster.

The showers of the past week are surely welcome. May they continue.

Don't forget the school election Friday afternoon at the Union school house. Polls open 1 to 5.

The Sunday school contest between the Reds and Blues is in full swing. Captains Emma Gunderson and Freddie Goudge have their forces all marshalled. Freddie is up holding the Red standard and Emma the Blue.

Mr. Marhoff, the Sunday school missionary, was a visitor Sunday and gave a very instructive talk to the children. Mr. Roscoe, of the Calpella Sunday school, accompanied him.

Violet Winsby returned this week from Petaluma, where she has spent several months.

Gus Thowson was called to St. Helena, Napa county, this week on account of the critical illness of his sister, Mrs. George King. Mrs. King is suffering from a cancer of the stomach and is in a very low condition.

The train Tuesday was delayed by a freight car obstructing the track and did not arrive at Redwood until 3 o'clock.

Mr. and Mrs. Yarbrough are enjoying a visit from Mrs. Yarbrough's parents.

SAN FRANCISCO, Cal., March 26.—There has been much talk in and out of Congress about the reduction of taxes and it has been recommended by the President that there be a reduction of 25 per cent in the income tax law. That is probably all right and proper, but right here I would like to ask why it is that all state officials, all municipal officials, all county officials, all policemen, all school teachers and some others are not required to pay an income tax? They make as much money as federal officials and are as able to pay. Why these exemptions?

* * * * *

If every person now exempt from paying an income tax was forced to pay one just like the farmer or federal official there would be enough extra money raised to pay some kind of a bonus to the deserving soldier. Just think how many state, county and municipal officials are in the whole United States who are enjoying fat salaries! Just think of the number of policemen in the entire United States! If they receive a salary that would place them on the income tax list they should pay the tax just like the merchant or farmer. Think of the many school teachers in the United States who receive splendid salaries, some as high as $10,000 a year. This would raise quite a sum and would place all on an equal basis. If a collector of customs, a federal official, pays an income tax on $7,000 a year, why should not a state railroad commissioner pay an income tax on his $8,000 salary? It is not a square deal! These inequalities should be adjusted and all treated alike. If a person makes the money he should be forced to pay the tax whether he be farmer, merchant, federal official, or state, county or municipal official.

* * * * *

The income tax law is all right and the fairest of all laws, because it is in proportion to one's ability to pay. In many cases there are too many exemptions and in many instances the rate should be reduced. By all means it should be re-adjusted and all treated alike.

* * * * *

These changes should be made without regard to politics. It is wrong to make such a measure one of politics. Too many questions are made political and many injustices are done. There is too much politics in our national government, all of which causes inefficiency and waste.

* * * * *

Returning to national politics, what did you think of the North Dakota primary election last week? President Coolidge carried the state by a plurality of about 20,000 over Hiram Johnson, his only contender *on the ballot*. The real, original progressives would not have Hiram and tried the "write-in method" by using "pasters" and thus pasting in the name of the LaFollette delegates. The vote was Coolidge, 50,000; LaFollette, 37,000; Johnson, 30,000. That was certainly a slam on Johnson to be beaten by a man whose name was not on the ticket and who had announced that he was not a candidate! Johnson and his jaberwaks campaigned the state and lambasted Coolidge at every meeting. The President never entered the state and made no speeches, and sent no word. It shows that Hi-rampant is on the toboggan. What could Senator Johnson expect?

* * * * *

Hiram Johnson has been in the United States Senate for eight years and has never found anything he could commend in any President the nation ever had. He has never introduced one constructive measure. Is it any wonder that the real progressives threw him down? Johnson's henchmen issued a statement that barrels of Coolidge money was thrown into the fight. Bunk. It is Johnson who has the Wrigleys and other millionaires at his back. That's the Johnson way though—to cry and abuse his opponent.

* * * * *

Just look at the original progressives in this state that have abandoned the cause of Johnson—namely, William Kent, Chester Rowell, Mayor Rolph, and hundreds of others. In their places, Johnson has picked up the old Southern Pacific machine instead. And yet he has the immaculate gall to say "it's the same old fight; the same old gang."

* * * * *

It is a nice spectacle to see the schools thrown into politics and leading "political educators" campaigning the state for Johnson and abusing the President of the United States and the Governor of California. Will C. Wood, superintendent of public instruction, is a delegate on the Johnson presidential ticket and is spending his time in issuing Johnson propaganda. This "political educator" has for the past year been abusing the Governor of this state in every address at teachers' institutes and other functions, stating untruths and misrepresenting the Governor, as to the amount of money that had been apportioned to the schools by the budget. He came to a speedy halt a few weeks ago when he had to apportion the school money *according to law and the budget*. Think of it! *All departments of education received AN INCREASE*, thus proving that Richardson was right. Since that time Wood has had nothing to say. He reminded one of the man whose wife sewed up his mouth. He had nothing to say and no way in which to say it.

* * * * *

Wood was not content to praise Johnson and knock Richardson, but he had to go so far as to abuse and misrepresent the President of the United States, because the Persident was a candidate against Johnson. Nice example to set before the pupils of the public school! It is revolting. What do the taxpayers think of this paragon of excellence going about abusing and misrepresenting the Governor of a great state and the President of the United States? It is about time to put him in the down and out club to spend his time in oblivion where he belongs. Place some one at the head of our schools who has some respect for the President of our country and some regard for the truth.

Aged Man Honored on 91st Birthday

One of the most delightful among recent social events was the gathering on the evening of March 18, at the home of Mr. and Mrs. Hale McCowen Sr., the occasion being a turkey dinner served in honor of Dr. George McCowen's ninety-first birthday. Covers were laid for fourteen, among the guests being Mrs. John Landis of Petaluma, the youngest member of Dr. McCowen's immediate family. Mrs. Landis was at one time a resident of this city, and as Miss Blanche McCowen, will be remembered by old-timers as a successful teacher in the Ukiah schools.

Added interest was given the dinner party occasion by the fact that the date was also the seventieth anniversary of the day, when as a youth of twenty-one, George McCowen set forth on the long journey across the plains from Indiana to California. Of this trip and his subsequent pioneer experiences in California the doctor kept an exhaustive diary, a copy of which, by request of the library authorities, was recently placed with other papers relating to pioneer experiences, in the archieves of the state library at Sacramento, where it is considered a valuable addition to the literature in that class.

Ruddie Brunner, a former Ukiah boy, was here this week on business and was greeted by many of his old-time friends.
